Dear Jacqueline,

I was so overwhelmed by your appearance at our People-to-People Sports Committee meeting that I almost wept. You are a true friend and a real lover of sport to come down just for that meeting, and what a speech your parachutist made after you had left. He was the real star of our whole program. At my advanced age I am tempted to take up parachute jumping, he made it sound so entertaining. I think as a nation we should take it up to prevent our young people from becoming soft.

It was wonderful to see you and Floyd so graciously act the parts of the "Fall Guys". I think the Circus Saints & Sinners will remember your combined outstanding performance as the best one to date.

The United States Olympic Association had its meeting in Washington. You may be interested to know that they now have over three million dollars with an assured annual income of at least \$100,000 a year. Our Sports Committee, when it has a regular income, will see that the devotees of sport are able to travel yearly. It is our belief that a goal set for a trip abroad will greatly encourage our youth to participate in different categories of games.

With admiration and best wishes always.

Very sincerely yours,

Eddie Eagan

Edward P.F. Eagan.
