February 28, 1955

MEMORANDUM FOR MR. McCANN

FROM: Maxwell M. Rabb *MAR*

The attached letter comes from Rabbi Philip S. Bernstein, one of the leading members of the clergy in the United States. He asks for a message and I certainly would recommend that something be done in line with his request. President Eisenhower is the one man who is associated with the liberation of the concentration camps and a message from him would be appropriate.
