

INAUGURAL COMMITTEE 1957
FOURTEENTH & D STREETS, SOUTHWEST
WASHINGTON 25, D. C.
TELEPHONE REPUBLIC 7-8800

REGULATION PERTAINING TO USE OF UNION LABOR

All float builders or other parties contracting for the construction of Inaugural floats are, as a part of the contract executed between themselves and sponsors of Inaugural floats, required to use union labor and are required at all times during the construction and completion of Inaugural floats to have in full force and effect written contracts with all crafts which customarily participate in the construction and completion of floats. Failure to comply with this regulation will constitute a breach of contract and entitle the sponsors of floats contracting with the builder to a full refund of all payments made under the provisions of the contract and subject the builder to liability under the performance guaranty.
