#### **WEATHERING THE BULGE**

Produced and copyrighted by WDIV-TV, Detroit. Broadcast December 14-25, 1994.

Received from Paul Gross, December 1994.

Program deals with weather as a key factor in the timing for the BATTLE OF THE BULGE.

It shows footage of the weather conditions as well as interviews with the German

Meteorologist, Dr. Heinz Lettau. He worked for the principal meteorologist who

forecast several days of fog and low clouds which would ground Allied air forces.

Also interviewed is Major Maynard E. Smith, the principal meteorologist in the U.S.

mobile units at the front. The second segment deals with effects that the severe

weather conditions had on American troops. It includes interviews with several Battle

of the Bulge veterans.
